Exams Held For Justice Court Post

According to County Supervisor Daniel Mikesell, examinations for the position of Judge of the Upland Judicial District were held two weeks ago at various locations in the state.

The position was left vacant by the death of Judge Fred Jacobs last Aug. 1. In the interim, the post has been filled on a temporary basis by Judge Oren Matthews of Big Bear Lake.

In order to establish an eligibility list for the position, examinations are held for persons who are not attorneys. Members of the bar need not take the examainatons.

From this list, Supervisor Mikesell will select the most qualified and recommend his appointment to the Board of Supervisors.

Mikesell says he expects to make his recommendation within the next two to three weeks.

Volunteer Group Builds Memorial Park Dugouts

Major league dugouts are nearing completion at the Upland Memorial Park baseball diamond.

Building and financing the project is the Upland Memorial Park Improvement Committee comprising dads of baseball players, friends and baseball fans of the area.

The same group last year completed the outfield fence and have been instrumental in urging the City Council to complete the field lighting.

The main-stays behind the group are Max Hawkins, Bill Wolfe, Max Harmon, Mart Shoemaker, Bob Cameron, Jess Solters and Ted Miller. These men not only plan the work, but act as laborers and organize the crews.

They use their own power tools, workshops and materials to ge the job completed. They have spent many evenings and weekends on the dugout project.

Dump trucks, earth movers and crews were donated by Harry Calloway Construction Co. to save three weekends of work to assure the project completion in time for the fast-approaching baseball season.

Rock and gravel was donated by Pacific Rock and Gravel Co. and brick and block layers donating their time include Art Storms, Frank B. Karavanic and R. P. Coletti of Upland, Vic Brotko of Fontana and Ed Hennis of Ontario.

In addition to the crew leaders, many dads and lads have donated much of their time to the improvements of the diamond.

Workers on the project have included: Jiggs Valadez, Orval Taylor, Mason Hyche, Frank Rettie, George Whitten, Art Valadez, Jeff Naftel, Ed Orum, Dan Milakovich, John Perdue, Jerry Regan, Arnold Campbell,

Rod Middleswart, Scott Cameron, Norm Hawkins, Gary Katona, Scotty Coulson, Ken Whitten, Tex Manning, John Lopez, Tom Whitten, Joe Martinez, Terry LaPorte, Brian Campbell, Robert Harvey, Joe Kotwica, Ken Hawkins, Marc Piscitelli, Drew McGinnis, Wayne Harmon, Dean Harmon and Gil Perez.

DUGOUTS, major league style, are nearing completion at the Upland Memorial Park diamond. Shown working on the dugout on the first base line are: Jess Solters, front; Ken Shattuck, on the left; and Ronnie Cameillo and Bill Wolfe, left to right in back. The dugouts are being constructed by the Memorial Park Improvement Committee with donated labor and equipment.

Grand Jurors To Form New Association

An organizational meeting to form an Association of Grand Juries of the County of San Bernardino has been set for 7 p.m. Thursday, March 7 at the San Bernardino Elks Lodge.

According to an announcement from the foreman of the 1962 Grand Jury, Orland J. Fowler, all former Grand Jurors of the county who live within San Bernardino County are invited to attend and become charter members.

The present Grand Jury investigated the feasibility of forming such an association and inquired of existing Grand Jury associations. According to Fowler, it was found that such a group can serve a "very useful purpose."

The purpose of the association will be to promote the education of the public and office holders to the functions and purposes of the Grand Jury system and to do such other matters as may seem proper to the Association.

"We believe that the valuable experience Grand Jurors have acquired during their year of service to the County can be of unestimable value to incoming Grand Jurors and the public," Fowler said.

Interested former Grand Juors should direct their inquiries to any member of the present Grand Jury or to the Secretary of the Grand Jury, Fred H. Swedenhjelm, Jr., 276 E. Shamrock St., Rialto.

The present Grand Jury appointed Fowler temporary president of the association with Swedenhjelm, acting as temporary secretary until such time permanent officers are elected by the newly formed association.

Citizens Favor Simple Beauty

Euclid Avenue 'Straw Poll' Results Go To City Council

Results of the Euclid Ave. "Straw Poll" conducted by the NEWS during the past two weeks have been tabulated.

The poll was conducted to reveal to the City Council the feelings of Upland citizens on the present and proposed changes of landscaping of the Euclid Ave. parkway.

The results of the poll and all the ballots received will be turned over to the Council to aid in their decision on how to proceed with the parkway.

More than 425 votes were received. Some did not vote on all four items and others did not offer additional comments.

All comments made, both for and against the proposed modern landscaping plans, are reprinted in this issue on the first page of the second section.

All four items of the poll were to be answered by checking "yes" or "no".

Item one stated: "I like the new landscaping and palm trees on Euclid parkway between 9th and C."

There were 344 "no" votes and 66 "yes" votes. This indicates that more than 5 to 1 of those voting are unhappy with the new landscaping; or 84% DISLIKE the NEW plantings.

Item two stated: "I want Euclid parkway to remain in simple natural beauty with rows of trees and no fancy landscaping."

Persons voting were overwhelmingly in favor of leaving the parkway in the traditional trees and grass. There were 375 "yes" votes to only 45 "no" votes. This is nearly a 9 to 1 ratio; with 89% of the people voting to retain the HISTORIC tree pattern.

The third item was: "I want the Council to remove the fancy landscaping and palm trees on Euclid between 9th and C and replace with trees in original pattern."

The ratio was 3 to 1 in favor of removing the 9th to C landscaping with 262 "yes" votes to 89 "no" votes. Thus, 75% of the people want the block restored.

The final item stated: "I am in favor of the new landscaping plan at Euclid and Foothill including the lighted reflection pool at the Madonna statue."

Voters were 2 to 1 against this plan with 261 "no" votes cast against 115 "yes" votes. Thus, 69% do not want this area landscaped as planned.

Pages of this issue together with all the ballots will go to the City Council this week along with a cover letter from NEWS Publisher Mel Hodell.

Hodell's letter to the Council follows:

Mayor Abner Haldeman
And Members of the City Council
Upland, California

Gentlemen:

I am sorry that I must resort to a letter to present my views to you rather than appear in person, but my membership on the Grand Jury this year requires I be away from Upland Feb. 5.

Enclosed are pages from this week's issue of THE NEWS. The pages will give you complete information on the results of the Euclid Avenue Straw Poll. I would request that these pages be made a part of the official files of the City of Upland.

Also enclosed are the ballots for presentation at the Council meeting. I think it is noteworthy that nearly every ballot was signed. We did withhold several names from pub-

Voters OK State Loan

Upland School District voters in Tuesday's special election authorized the district to borrow $2.6 million for needed construction of schools and site acquisition.

A total of 1,599 votes were cast with 1,366 "yes" and 233 "no" votes for an 85.4 per cent approval. Only two-thirds was necessary for passage.

Of the registered voters in the district, 18.7 per cent cast ballots.

In a statement following the tabulation of ballots, District Superintendent Harold Cook stated:

"For the 11th straight time since 1937 a school finance election sponsored by the Upland School District has been given approval by the voters.

"The members of the Board of Trustees and school administration are very grateful. This approval makes available $2.6 million in the form of a loan from the state of California.

"We shall now be able to more adequately house our ever-increasing school population," Cook said.

Scout Week To Mark 53rd Anniversary Of Boy Scouts of America

The 654 Cub Scouts, Boy Scouts and Explorers of the Serrano District of the Old Baldy Council, Boy Scouts of America, will observe the 53rd anniversary of the Scouting movement during Scout Week, Feb. 7 to 13, with the theme, "Strengthen America ... Be Prepared, Be Fit."

They will join nearly 5,200,-000 other scouts and leaders in every part of the nation in rededicating themselves to the Scout Oath on Friday, Feb. 8, the actual birthday of the movement in America.

Scout Week will be observed nationally by over 130,000 Scouting units in every city and town and in thousands of villages and hamlets as well including the 24 in the Serrano District.

"This year the Scout Week observance will be conducted at the unit level," says Ian Richardson of Cucamonga, district Scout commissioner. "In this way we believe a boy's membership in the movement is more meaningful and colorful to him. We also like to have every member invite another boy of his own to attend the Scout Week meeting so that he may share the excitement of the program."

The district's 10 Cub Scout Packs with 318 members will each conduct a "Blue and Gold Open House," a "pot-luck dinner" with prospective members and their parents as guests. Newly-qualified Cub Scouts will be inducted. A skit, "How Scouting Began," will be put on by most packs.

Parents night meetings will be held by nearly all of the district's Boy Scout troops. Displays of Scout hobbies will be shown, and those who have progressed in rank will be honored at formal courts of honor.

Emergency preparedness skills will be demonstrated by patrols, and patrol stunts, songs, and games will precede a closing ceremony.

Explorers from the five district units will address boy and adult groups at high school assemblies, service clubs, church groups and PTA's. They will collect pledge cards indicating interest in joining an Explorer unit, helping to form a new unit, or offering to serve as a consultant in a specialized field.

High School District

School Housing Problems Face Citizens Committee

A citizens committe to help Chaffey Union High School District trustees and administration determine what to do about housing the ever-increasing high school population is setting to work on the problems under the chairmanship of Ronald "Mike" Rossiter of 1360 W. Arrow, Upland.

Rossiter was elected at the initial meeting of the committe called by the high school district for presentation of enrollment facts, Thursday, Jan. 24.

Chairmen of Montclair, Upland, Ontario and Etiwanda-Alta Loma-Cucamonga areas will meet Friday, Feb. 8 and a general committee meting has been set for Thursday, Feb. 14, at the high school district board meeting room.

Chairmen are: Montclair, Mrs. James Risley; Upland, James Christiensen; Ontario, Des Hogg and J. H. Bickar; Cucamonga-Etiwanda-Alta Loma, Paul Murray. Murray is also vice chairman of the district committee.

The problems stem from the facts that Montclair High is operating above capacity now, with approximately 1,600 enrolled in a high school built for 1,500; and

Chaffey High School will exceed its 3,600 capacity in the fall of 1964.

Upland High, now carrying a load of over 2,000, was built for 1,800, but it will be relieved next fall when Alta Loma High opens its doors, but will be jammed again by 1967 with four schools in the district.

Construction of Alta Loma High is using all remaining funds from the 1956 bond issue, which also built Montclair and completed Upland.

Bond issues are the only way the district can finance the new high schools that are needed, about one every three or four years.

It was pointed out at the first general committee meeting last week that it takes three years to plan and build a high school.

If a bond issue is passed this coming spring, a fifth high school in the district would be able to open in the fall of 1966.

The citizens committee's job will be to help the district determine if a bond issue should be put before voters, if so how big a bond issue, and where the fifth high school should be built, and whether the district should launch a short-range or long-range program.

It costs some $3½ million to construct a school. How large a bond issue would be put before voters hasn't been determined. District officials estimate that bonding capacity will be sufficient to finance a fifth school.

Two sites were presented for the committe's consideration, both purchased by the 1956 bonds, one in south Ontario, and one at Sixth and Vinyard in northeast Ontario.

A school in South Ontario could relieve both Montclair and Chaffey High Schools, while the east Ontario site would relieve only Chaffey High.

However, opening a South Ontario school in the fall of 1966 would leave Montclair High with approximately its present enrollment, which forecasts the possibility of an addition of classrooms at Montclair High, or splitting the enrollment into shifts.

Another need that could be covered by a 1963 bond issue is an auditorium at Upland High, which UHS does not have, although it is considered "complete" as far as classrooms go.

Without a bond issue and construction of a fifth school, plus possible additions at Montclair High and eventually Upland High, Alta Loma would be the only school without an excess of students by 1967, and by 1971 all four would be overcrowded, according to enrollment projections.

Projections were worked up for the schools based on the count of actual elementary school enrollments now (not taking into consideration future population expansion) and on estimated population through the years.

Using such projections in elementary school districts in recent years have resulted in double sessions at many elementary schools, before additional classroom space could be constructed.

Rossiter, as chairman of the citizens committee has asked that anyone interested in serving on the committee volunteer by writing to the office of Supt. Allen G. Smith, 211 W. Fifth St., Ontario, Calif.

Rossiter also requested anyone with questions or suggestions send them to the superintendent's office to be turned over to the citizen's committee for study.

District statisticians have prepared pages of enrollment and population estimates and projections.

About 30 persons attended the initial meeting of the committee and the attitude appeared to be "when, where and how much," rather than "we can get by with what we've got."

According to Ted Guidera, senior class vice president, the seniors made about $500 on their pancake breakfast. They did not make as much as they had anticipated because of lack of participation on the part of some of the class members.

Another breakfast or possibly a dinner may be held in the coming months.

Duo-Pianists Presented In Area Concert Series

Arthur Whittemore and Jack Lowe, Duo-Pianists will present the third concert for the 1962-63 Concert Series under the auspices of the Upland-Ontario Community Concert Association, at 8:15 p.m. Thursday, Feb. 7, in the Gardiner W. Spring Auditorium.

The team of Whittemore and Lowe is universally acknowledged as one of the best-known and best-liked two piano teams before the public today.

A measure of the high esteem in which they are held is the number of great symphony orchestras in which they have appeared as soloists — New York Philharmonic, Philadelphia Orchestra, the Boston Symphony, as well as orchestras of Chicago, Cleveland, San Francisco and many others.

As recitalists, Whittemore and Lowe are veterans of many successful New York appearances; and each year they cross the North American continent filling engagements.

During the current season, their tour takes them from Miami to San Francisco.

A further indication of the popularity of Whittemore and Lowe is their phenomenal success on radio and television and on recordings. They have played on nearly every radio program that features live serious music.

These two artists were born in the American West and received all of their training in this country.

Arthur Whittemore is from Vermillion, South Dakota, Jack Lowe from Denver. They met at the Eastman School of Music.

They made their debut as a team at a recital in Town Hall, New York, and were well on their way to prestige and popularity at the outbreak of World War II.

They served four years in the Navy and returned to the concert field.

Whittemore and Lowe performed here in October 1958. They were enthusiastically received and it was one of the largest first night audiences since the beginning of the Community Concert Series in this area.

Thomas M. Glasheen, principal, Upland High School, has said, "I suspect that the movement (PTA) has had impact upon every state and territory. It still remains the most powerful force for good that has ever been organized at school level.

Spartans Take On SCC, Then Biola

Out of the frying pan and into the fire heads Upland College this weekend, when the Spartans trek to Southern California College Friday evening and then continue their motor-van to BIOLA College Saturday evening.

Both encounters will get underway at 8 p.m., with a preliminary between the junior varsity squads scheduled for 6:30 p.m.

SCC, who will give the opposition to the Spartans Friday, have fallen twice this season to the locals, Upland took a 69-56 win in the Golden State Tourney from the Vanguards and then dumped SCC two weeks later at the Upland College gym by a 70-45 count.

In the last outing, the Spartans had trouble solving the Vanguards zone in the first half and protecting a slim five point spread at the half, broke the game open with 16 straight markers at the start of the second half.

Most Spartan fans need not be reminded what lies ahead in the wait for the locals at BIOLA Saturday. Until this year, Biola had dumped the Spartans for 14 consecutive years on the hardwood but the table has been turned this season as Upland holds two wins over the Eagles on this year's slate.

On Saturday evening, a capacity crowd jammed into the confines of the UPLAND gym and cheered the Spartans to a thrilling 72-71 upset over the agles.

Upland led throughout most of the game after a fast start and protected a 35-30 margin as the two teams headed for the locker rooms at intermission.

Biola still couldn't overtake the Spartans in the second half but with 3:01 remaining, tied the score at 66-66. Bon Hilts hit a free throw to give the agles their first lead at 67-66. Guard Ray Plutko gave Upland the lead 68-67 with 1:21 left.

Hilts connected on two free throws with :47 remaining to made it 69-68 Biola. Jim McCoy hit a 25 foot jumper from the right side to make it 70-69, Upland, with :21 showing. Hilts again hit a jumper with :04 remaining to give Biola a 71-70 lead that looked like the game.

Center Andy Sandquist whipped a length of the floor pass, that was headed out of bounds, but snagged by Plutko and laid up with :03 showing and gave Upland a 72-71 win.

Hilts led scorers with 30 markers while Plutko was right behind with 28. McCoy was next in line with 15.

Spartanettes Trek To LIFE

Spartanettes of Upland College will trek to LIFE College Saturday evening for a WCAA Conference encounter. Opening tap is set for 8 p.m., in the next last game for the local gals.

Upland stands at a 3-3 slate in loop play and will be out to nail down a third place finish with a triumph. In their first meeting earlier this year, the Spartanettes dumped Life by a 11 point margin.

Community Concert Set For All-Out Membership Drive

Officers and Team Captains of the Upland-Ontario Community Concert Association, conferred during a combined planning session and luncheon held at the Stuft Shirt Restaurant, Friday.

Myron L. Tweed, president, opened the meeting by welcoming and introducing the officers: Francis Wilson, of Upland, First Vice-President; Mrs. Campbell Nelson, Second Vice-President also General Membership Chairman for the 1963-64 Season; Mrs. Elizabeth Kagler, Recording Secretary; Robert L. Jones, Treasurer;

Also introduced were: Mrs. Leone P. Kirkland Concert Membership Secretary; Roy Cooper, Columbia Artists Representative, and Mrs. D. Cason Mast, publicity chairman.

The Association has divided the West End area into four districts with a Chairman for each district or division. Mr. Tweed introduced the Chairmen of the areas and they in turn introduced their Team Captains.

Mrs. Cesare Vai, Chairman introduced her Team Captains: Miss Bess Roberts, Ontario; Mrs. Hal Y. Thomson, Upland; Dean Bruington, Chino.

Mrs. Ruth Long Wheeler, District Chairman; Team Captains: Mrs. Campbell Nelson, Mrs. Curtis O. Byer, Mrs. E. J. Sandford, and Mrs. John Svenson, Montclair.

Mrs. Campbell Nelson, General Membership Chairman outlined some of new approaches to the Membership Campaign. She stated that there was an all out effort to get information about the Concerts to Service Clubs, Organizations, Churches.

A letter explaining the Concert Plan has been mailed. There will also be extensive use of posters in the West End Area.

Mr. Tweed explained that a new feature has been introduced this year by the Association — A Mail Renewal Campaign. This is to sign up all renewals by mail prior to the opening of the regular campaign period.

This gives everyone an opportunity to subscribe, and if it helps the worker by enlisting all renewals by mail, Renewals will be credited to the respective worker.

Mr. Roy Cooper, Columbia Artists Representative, reminded the Officers and Team Captains that this is the Tenth year for the Upland-Ontario Community Concert Association. He emphasized that the success of the 1963-64 Campaign depends on the number of workers.

He reported that holds have already been placed on thre outstanding concerts for the next season:

Kansas City Philharmonic Orchestra with Zvi Zeitlin as violin soloist and Han Schweiger as conductor. This Orchestra was selected from thirty-two orchestras which were listened to by men who know and handle orchestras, as the one to appear on the Concert Series.

The second hold is: Robert De Cormier Folksingers (Formerly the Belafonte Folksingers. This group of three instrumentalists and a chorus of 12 men feature a unique and inspired collection of folk music from around the world.

The third hold is: "New York Pro Musica. Music performed by young singers and instrumentalists who have been widely acclaimed for their artistry and authenticity. The listener will receive an exciting excursion into the great musical past.

Mr. Tweed stressed the following points:

1. Workers sell Memberships not separate tickets to the concerts.

2. Memberships are $7.00 for adults and $3.50 for students.

3. Workers who see 15 adult memberships ($105.) will receive a complimentary membership. Students who sell 15 student Memberships ($52.50) will receive a complimentary student Membership. Students must be full-time students. PTA groups who sell five or more student memberships will receive one adult complimentary membership.

Mr. Tweed further stressed: **The Community Concert** Plan is a good cause and brings to the community musical concerts of high caliber.

The Membership is very reasonable in price.

Under a Reciprocity Members may attend concerts of other Associations in surrounding areas whenever seats are available.

Showing of a membership card entitles Members to attend a great many concerts throughout each season.

Campaign Headquarters will be Dugan's Music Company, Ontario.

Straw Poll -

(Continued from Page 1)

lication as requested, but the Council will have access to them by examination of the ballots if desired.

* * *

Our editorial this week calls for a vote of the Council to fulfill the people's wishes on Euclid Avenue. Specifically, I urge the Council to follow the people and take these steps:

1. Vote to retain Euclid Parkway in its simple and historic state with rows of trees.

2. Vote to abandon all further development of the parkway in the "landscaping style" already evident and planned.

3. Vote to eliminate the landscaping program at Foothill and Euclid, including the Madonna of the Trails site with its proposed lighted reflection pool.

4. Vote to take out the palm trees, etc., between 9th and C Streets, replant those trees in city parks or elsewhere, and restore this block into the pattern of all of Euclid Avenue.

I call to your attention that these points are supported substantially in the "straw poll" by the people. This is a very sharp and clear-cut view of public opinion.

I want to thank you for your consideration of the "straw poll," and this letter."

This booklet, entitled "Happy, the Safety Clown" presents in cartoon form many of the basic safety rules which young children should follow.

Topics dealt with include obeying one's parents, playing in safe places, how to avoid automobile accidents, bicycle use rules, how to deal with strangers, and dangerous play practices.

The Alta Loma-Cucamonga Kiwanis Club was assisted in this project by the financial support of a number of merchants and individuals residing in the area.

Holts' Attend Submarine Commissioning Ceremony

The commissioning ceremony of the USS Thomas Jefferson, a nuclear powered submarine, was the high point of the Walter E. Holts' recent trip east.

Their son-in-law, Capt. L. H. Rathbun, Jr. is Commanding Officer of the Blue Crew, and conducted the commissioning ceremonies at Newport News, Virginia, on Jan. 4.

The Holts left Upland Dec. 18, arriving in Newport News in time to be with their daughter (the former Mary Ross Holts) and her husband and two boys for the holidays. They had Christmas dinner together aboard the submarine, something, Mrs. Holts said, "We probably will never do again."

The commissioning, an impressive ceremony, put the official seal on the Thomas Jefferson as a member of the Navy's growing fleet of nuclear-powered submarines.

Attending the ceremonies were Mrs. Robert S. McNamara, wife of the Secretary of Defense and sponsor of the submarine, Vice Adm. Elton W. Grenfell, commander of the Atlantic Fleet Submarine Force, and Rear Adm. B. A. Clarey, Commander of the Pacific Fleet Submarine Force.

Following the ceremonies a reception was held for guests of the commissioning parties at the James River Country Club.

This, and many other social activities kept the Holts busy during their stay in Newport News. Mr. Holts even got in some duck hunting with Mr. Clem Robertson, vice-president of the Newport News Shipbuilding and Drydock Co. where the Thomas Jefferson was built.

Capt. Rathbun is at present aboard the Thomas Jefferson of which he is in command, and Mrs. Rathbun and their two sons have returned to their home in Groton, Conn.

Capt. Rathbun completed two years of nuclear study under vice-Adm. H. G. Rickover prior to the commissioning of the Thomas Jefferson. Adm. Rickover's comments on the ship's trial runs prior to her commissioning was that the performances of the vessel's skipper and crew were particularly outstanding.

The Holts's returned home early in January.

Sierra Club Presents 50-Mile Pins

Sierra Athletic Club, 1275 W. Foothill Blvd, Upland, played host at a spaghetti dinner Sunday evening to 240 members.

Highlight of the event was the presentation of "50 Miler" pins to those who swam 50 miles or more last summer for recreation and physical conditioning. The distance was exclusive of competitive workouts.

Curt Von Mueller of Ontario and Robert Van Cleve of Pomona finished the 50 miles early in the summer and continued to swim many more miles.

Scot Stevens of Cucamonga and Robin Ross of Ontario also completed the 50 mile stint.

Michael Van Cleve was leader in the "also swam" category with 46 miles. He was followed by Nettie Van Mueller, Bob Graber of Ontario, Bruce Anderson of Pomona, Gary Langendoen of Claremont, Craig Von Mueller of Ontario, Roy Sorge of Glendora and Debbie Kaser of Upland, all of whom exceeded 25 miles.

The club management announced that the pool would be open in three or four weeks and that the program for the coming season would be similar, but with several changes in personnel, membership rates and activities.

LindoRomance In 4th Week

"Lindo Romance" begins the fourth week of its run at Padua Hills Theatre Wednesday, Jan. 30.

"Lindo" meaning beautiful, is a three-act romantic comedy of early California, with the area around San Gabriel serving as its setting.

Probably one of the most charming periods in California history, contingent, of course, upon one's social and economic position within the community, was during the era of Spanish Dons and before the great westward migration by gold seekers.

Casilda Amador and Eligio Herrera, both stellar interpreters of Spanish and Mexican folk dances, are cast as husband and wife. Their daughter, in the play, is beautiful Celia Garcia, who is cast in the romantic role opposite Gustavo Alfaro.

"Lindo Romance" is given in English. It is presented six times weekly at both matinee and evening performances every Wednesday and Saturday and again at evening stagings every Thursday and Friday.

Padua Hills Theatre and dining room are both operated by Padua Institute, a non-profit organization, for the purpose of preserving the culture of California, through keeping alive the romantic Spanish and Mexican traditions of this state.

Padua Hills Theatre is located three miles north of Foothill Boulevard. Reservations may be made by calling NAtional 6-1288.

Citizens Comment On Euclid Ave. Landscaping

(Editor's Note: The following comments were received in conjunction with the Euclid Ave. 'Straw Poll' conducted by the NEWS. Many persons just cast their vote and made no comment. ALL comments received are printed, but some names have been withheld from print as requested. Comments IN FAVOR of retaining the simple beauty of the parkway follow first. Comments favoring the new landscape plan on the right side of this page).

Leave Euclid Ave. as is! Palm trees do not give shade in the summer and certainly no beauty! Even with lights there will be no beauty on Euclid Ave. should the City Council decide to plant palms. The upkeep expense can be tolerated if the present tres are left as is. After all, we pay taxes every year to the City of Upland for the city to keep Upland looking gren and beautiful. And that can only be is the City Council leaves Euclid as it is.

Mr. and Mrs. James Leaverton
1634 N. Second Ave.

* * *

From 25 years experience trying to protect installations such as No. 4 (Foothill-Euclid pool, etc.) from vandalism, I'm sure that without constant police patrol the cost of removal of beer cans, broken bottles and replacement of shrubbery and lights will be terrific. The statue has been damaged in the past.

Mr. and Mrs. R. E. Burch
401 N. Euclid

* * *

Let the city spend its money on more park and play areas for our young people! This new landscaping appears neither beautiful nor useful.

The Rev. and Mrs. Dan A. N. Bacot
1272 Shelley Ave.

* * *

The City Council should be more responsive to the opinions of the Upland citizens! We should be informed in writing of such expensive decisions.

Mr. and Mrs. Lloyd Parratt
500 W. 14th St.

* * *

We feel that the symmetry of Euclid Ave. with trees all alike is what has kept its fame and popularity constant.

Mr. and Mrs. R. W. Scott
253 N. Campus

* * *

Let's keep the traditional, quiet beauty on Euclid which has made it famous. Nothing looks as good as the old trees and shade after being away. Now this new landscaping is not to our liking and taste at all. New trees, yes, but not any of those palms and shrubbery which do not give any shade and always look bare.

Mr. and Mrs. Herbert Mallard
739 Washington Blvd.

* * *

City Council acted previously on this matter. If citizens desire a different decision, they ought to attend City Cuncil sessions where decisions are made in a thoughful, fair manner.

Name withheld by request

* * *

We are new in Upland and are building a home at 16th and Euclid. Any change on North Euclid would seem a shame to us.

Mr. and Mrs. Ben Stephens
244 S. Euclid

* * *

The only reason I said no on the removal is, I think you've already wasted enough money.

Name withheld by request

* * *

The simplicity of Euclid Avenue's trees should not be changed. If necessary, a substitution in the kind of tree used could be an alternative.

Name withheld by request

* * *

Also, we'd like to see some careful planning for Euclid Ave. so it won't turn into a "gasoline alley" on either side!

Mr. and Mrs. Eugene Penner
216 Winn Dr.

* * *

There are few natural spots of beauty left in California. Let's keep what we have.

Mr. and Mrs. J. F. Clinton
160 W. 16th St.

* * *

I prefer pepper trees or some nice trees and a green lawn as it is - no gravel.

Lena E. Stalter
550 N. Euclid

* * *

We think the landscaping at 9th and C is horrid. Upland has the world famous nepper tree land. No one else has it. If you can't replace nepper trese, why not Magnolias? tres, why not Magnolias?.

Mr. and Mrs. Arthur Rea
311 S. Euclid

* * *

I a man old time resident on Euclid Ave. and I would like to see Euclid Ave. left as is except for a nice evergreen shade tree in place of the pepper trees. No old palms or gravel.

Mrs. S. G. Moore
525 Euclid Ave.

* * *

We don't particularly want pepper trees because of their leaves and their weak structure, but we'd like a good substantial green tree.

Mr. and Mrs. Arthur Nye
1182 Tulare Way

* * *

Oil or pave the center where horse back riders go — if that is to be continued. Lower speed above Foothill to 19th Street - at least to 35.

Mr. and Mrs. Harold Stewart
1404 N. Euclid Ave.

* * *

We think $8,800 might better be used where it is needed instead of putting in "fancy work" on Euclid Avenue. Taxes are to high.

Mr. and Mrs. J. C. Thompson
846 N. Second Ave.

* * *

I cannot understand how anyone can think such a parkway is in keeping with the Old English architecture of the Methodist Church which it is next.

Mr. and Mrs. Dale Stevens
693 Camphor Way

* * *

We think the landscaping plan at Foothill and Euclid would be very attractive, but leave the rest as is.

Mr. and Mrs. Lee Jensen
359 East 14th Street

* * *

If the pepper trees are too old — the city council is too old. We want a new city council.

Joe Tiefenthales
861 Magnolia

* * *

Water lawn less and peppers will thrive.

Mrs. William Black
866 N. Euclid

* * *

We don't need to "modern look" to enhance the beauty of stately trees. Also reflection pools will entice vandalism.

Mr. and Mrs. A. C. Lawrence
1458 N. First Ave.

* * *

The whole beautiful effect of Euclid from Ontario up is ruined by the palms and conglamoration near Ninth Street.

Mr. and Mrs. Harry Calloway
2456 Ocean View

* * *

I am in favor of Camphor trees replacing the pepper trees, only on the condition that it is impossible to save the pepper trees.

Mr. and Mrs. W. J. Ritcher
6896 Beryle

* * *

We want Euclid Ave. to retain the cool refreshing shade trees that have become known through out the country as one of Californias "Greatest Assets".

Ruby and Lily Harnish
61 Vernon Drive

* * *

Euclid Avenue with its pepper trees was a beautiful landmark known and admired by visitors and loved by we who live here.

Helen Drews
363 East Arrow

* * *

We definitely object to the new landscaping — Let's keep the pepper trees.

Mr. and Mrs. O. E. Strickland
1251 No. Euclid

* * *

Our relatives and friends from out of town consider Euclid Ave. a real beauty spot. Please keep the trees and grass landscaping as the Chaffey brothers planted it.

Mr. and Mrs. L. S. Collins
1193 No. Winston Court

* * *

The palms between 9th and "C" in themselves aren't to bad, but I don't like the low landscaping. Euclid has always been noted for the pepper trees - why not replace them.

Mr. and Mrs. Dale Clifton
747 Camphor Way

* * *

I would rather see monies spent for parks, school construction, etc. than have it used on a swimming pool for a chunk of stone.

Thomas M. Baron
Delores J. Baron
1386 N. Tulare Way

* * *

A number of citizens would remove the trees at no cost to the city if the council decides to be especially economical about it.

Mr. and Mrs. Don Jackson
231 N. Euclid

* * *

Euclid avenue has always been so very beautiful because of its simplicity. It is being ruined by this new landscaping.

Mr. and Mrs. T. Ware
7908 Sierra Vista
Cucamonga

* * *

Too much lighting on Euclid and Foothill now that affects driving causes too much reflection and glare.

Mr. & Mrs. Arthur Savaiano
1237 Tulare Way

* * *

Euclid Ave. would never be the same without the trees. Let's preserve its natural beauty.

Mr. and Mrs. C. E. Johnson
619 E. Highland Ct.

* * *

No where else in the world is there another avenue or street with the unique type of beauty we have on Euclid. We definitely should retain the present patter, even if we cannot retain the papper trees.

Mr. and Mrs. C. P. Jacobs
1673 N. Second Ave.

* * *

The Brazilian Pepper tree does well when watered - why not let it replace the California Pepper tre and keep Euclid Ave. . . AS IS!

Mr. and Mrs. Chas. D. Martini
1895 N. Mountain Ave.

* * *

We prefer the tree and grass type of landscape. If present trees need replacing we prefer uniformity.

Mr. and Mrs. O. Swartzendruber
1213 N. Palm

* * *

Favor evergreen trees similar to pepper trees. Also favor fountain across Foothill from statue with color illumination.

A. B. Dickey
1228 N. Third St.

* * *

We feel Euclid should remain the same, as much as possible.

Mr. and Mrs. J. R. Gary
1697 Second Avenue

* * *

Mayor Haldeman and Councilmen Kistinger and Marriott could find better ways to use the taxpayers' money. The present stand of these councilmen in the matter of the Euclid Parkway certainly doesn't show fiscal responsibility. Councilmen Hawkins and Christiansen are to be commended on their stand in the matter.

Mr. and Mrs. M. E. Dehubert
1329 N. Euclid

* * *

Letters to the council, petitions signed by several hundred citizens, and now Better Upland Citizens Committee have had no effect on the council. It's now time to take a stronger action.

Mr. and Mrs. R. Bryce Evans
1355 N. Euclid

* * *

We have always felt the most beautiful part of Upland was the simple natural beauty of Euclid Ave. Please leave it that way!

Dr. and Mrs. Gordon W. Scott
1646 N. Laurel ave.

* * *

I feel it is in poor taste to replace the beautiful shade trees on Euclid Ave. with scrubs and spotlighted palms.

Mr. and Mrs. G. Hannah
524 N. Maple Way

* * *

I think the extra money should be used in Memorial Park to build another toliet facility at the skating area.

Mr. and Mrs. C. V. Krehbiel
687 E. Arrow

* * *

When the Madonna statue was erected in Upland the people here promised to cut down the pepper trees in front of the location, so that it might be plainly seen by passing motorists. Some of the self-styled "tree lovers" raised a howl and the promise was violated. Hence we are in favor of a plan which we understand will result in removing the trees nearest Foothill Blvd. We are in favor of keeping trees and not substituting fance planting on the remainder of Euclid Avenue both above and below Foothill.

Mr. and Mrs. W. W. Mather
530 Laurel

* * *

We would prefer that these funds be used to enlarge and improve the Upland Memorial Park.

Lytye D. Larsen
Vera Larsen
Wilma Larsen
920 N. Euclid Ave.

* * *

Not necessarily with pepper trees, if they become diseased. Possibly the proposed magnolia trees would do as well. Ontario and Upland should work together and have the same continued pattern.

Name withheld by request

* * *

We commend you in this matter. Your accurate reporting and comments have enlightened the citizenry as to who is responsible for this "monstrosity". We know now.

Ruth M. Kuehnle
610 N. Campus
Upland

* * *

If it is not possible to replace the pepper trees with more of the same - then I would suggest weeping willows, magnolia trees or Jacoranda.

Dr. and Mrs. C. Papazian
691 N. Euclid Ave.

* * *

If the city has money to spend this way, how about fixing up 11th Ave. on the west side of the park. This was going to be done 13 years ago.

Mr. and Mrs. James H. Larkin
855 N. 11th Ave.

* * *

We bought a home on Euclid Ave. because of the natural beauty of the trees. Stylized, lighted palms look artificial.

Charles R. Head
1825 N. Euclid Ave.

* * *

Nothing can ever replace the simple beauty of the trees on Euclid Ave. And please leave our "Madonna" as she is.

Vivian M. Hamblin
1420 N. Francis

* * *

I feel that the new changes are good enough so that no additional changes are needed.

Merriman Hamblin, M.D.
1420 N. Francis

* * *

I am in favor of leaving and finishing the three formal landscaping plans. In my opinion the remainder of Euclid should remain as a yes on No. 2 (remain in simple beauty with rows of trees).

Mrs. Mildred Zechlin
1435 Monte Verde

* * *

We are not against other trees instead of pepper trees on Euclid, if necessary, if they are shade trees.

Mr. and Mrs. Albert Olson
605 N. First Ave.

* * *

Pepper trees on Euclid Avenue are an inspired masterpiece of art no less than the Mona Lisa. Any tampering with it is a desecration. It seems it is required of each generation that it be newly fought for and won like freedom and liberty.

It seems that conclusions have been reached by the controlling body with a quick glance at the first appearance rather than a thorough study. From my own knowledge some "facts", are rather, the opposite of the truth. For instance, the truth is that the pepper tree is a very fast-rowing tree. I saw the tiny saplings on the grounds of San Antonio School in Ontario grow to be impressive trees "while my head was turned", it seemed. In five years, they were not "little trees," but trees.

While the necessary three years of soil treatment before the replacement of the trees is possible are in progress, what about conducting a test block of a grass needing very little water, and then watering it the bare minimum for survival? This was recommended by one landscape firm. Other soil binders might include:

1. Some plant growth other than grass.
2. A chemical or mechanical binder of some sort.

For an area deficient in water a landscape plan calling for much watr sems an absurdity.

It is also sad to pay taxes to be used for the destruction of that which we prize. For years I wanted to live in Upland. Is it too so quickly become "The City That Was Beautiful"?

The simple majesty of the pepper trees with their many eye, fragrance, and coolness enchantments of delight to the are the great treasure. Please help us to regain it!

Addendum: "Somebody must have been off his rocker when those palm trees were put in. They look like match sticks with a feather duster."

Name Withheld By Request.

When a city is fortunate enough to have had one of the ten most beautiful avenues in the world for over fifty years, why do a few practically new comers feel that they have the right to ruin that avenue?

There is a tree farm in Southern California that could give Upland some professional advice on what to plant on Euclid.

Are they trying to copy Palm Srpings?

Mr. and Mrs. Sam Rowe
7789 Alta Cuesta

* * *

The beauty and world renown of Euclid Avenue were the result of a landscape plan appropriate to the formal geometric design of the land and wide boulevard. This beauty has outlasted the popular current designs of many decades.

It is true that landscape artists have often produced beautiful results with curving streets and varied plantings. Modern stylized plantings can only be effectively used when appropriate to the basic situation.

To maintain a shrubbery background will enhance the Madonna statue. To place a reflecting pool there is to invite traffic congestion and accidents at this busy highway intersection. The future Civic Center would be a safer and more apropriate location for a modern landscape treatment.

Mr. and Mrs. Ernest W. Fischer

* * *

At least water the tres in the City Park on North Mountain Avenue. Other development to be desired for that park.

If the original Betty Davenport Ford plan is used for No. 4 - YES - A new plan - NO.

Mrs. B. Eugene Taylor
1370 W. Foothill

* * *

The beauty of Euclid has been its regularity and simplicity, and its wealth of shade on hot days. Strongly urge return to basic pattern.

John B. Atwood
14 West Arrow.

Upland (Calif.) News — 1
Thursday, Jan. 31, 1963

Who is supposed to use the benches in the monstrosity at Euclid and the Freeway, when there is no parking in that area? That is about the worst waste of taxpayers money I have seen. Now we must have another at Foothill.

Mr. and Mrs. W. H. Mullen
241 N. Laurel

* * *

We are opposed to landscaping of Euclid Avenue as represented by the sample block at Ninth Street.

We believe that the Pepper trees should be removed, and a sprinkler system put in - then a good tree planted. Perhaps the large Magnolia tree. A good tree, one that is NOT brittle to break in every wind, an ornamental tree that will thrive on water. The initial expense of re-vamping the street should free the taxpayer of excessive upkeep.

Mr. and Mrs. Howard F. Clark
1351 N. Euclid Av.

* * *

A uniform parkway plan for Upland and Ontario seems practical and sensible. This should be a simple design as the existing one is.

Mr. and Mrs. Oren Langley
805 N. Third Ave.

* * *

Preserve the natural beauty of Euclid Avenue — spend the money on the library and schools!

Mr. and Mrs. Manley W. Cole
1422 N. First Ave.

* * *

Euclid Avenue in Upland is beautiful in its simplicity. It has "character" and does not imitate Beverly Hills or a newly established subdivision. Inasmuch as the planting between 9th and C streets has already been made, I believe it should remain because of the expence of removing same. As for Foothill and Euclid, at one time the locally well known sculptor Betty Davenport Ford designed a pool to be placed opposite the statue that is a thing of beauty. Why not resurrect this design? The city also owns a recreation area at Mountain and 24th where beautiful palm trees are being allowed to die for lack of water! Why not spend a little money to save them, and perhaps clean up the place.

Miss Clara Lou Nisbet
200 East 13th

* * *

The tombstone (landscaping) at the freeway intersection should not be an omen of the future of Euclid Avenue. Why should we be "modern" and look like any "landscaped" abandoned streetcar right of way.

To appreciate the present Euclid Avenue, just look at the bald barren messes in San Marino, Arcadia, and Beverly Hills.

Dr. and Mrs. K. H. Kelly
1553 Carnation Way

Other nations cherish their beauty spots of the years! We destroy them! If Australian pepper trees do not like wet feet, how can the desert palm?

Mrs. A. E. Stempel

* * *

Allot the extra funds to a fundamental and more important use, such as suppling the city library with new and up to date books which it is lacking. We now must drive to Pomona and use the facilities of the Pomona Library at the cost of 10¢ per book for a non-resident.

There are locations where fancy landscaping is very beautiful and attractive, but not on Euclid Avenue! The simplicity of the green grass and lovely trees is perfect. So please replace the trees that have been removed — that would be a good project!

Historic Euclid Parkway should be preserved. The classic serenity, the simple beauty of trees is the most valuable asset the City of Upland now has.

As East 9th and "C" Streets are the main entrance to the Upland business district I think the new landscaping is very appropriate and should remain. I would like the rest of Euclid Parkway to remain in simple, natural beauty with rows of trees and no fancy landscaping.

Mr. and Mrs. Jacob Butterfield

I doubt that there is another residential street in the west that is as well known as Euclid Avenue. Let's keep its natural beauty. Huntington Drive in San Marino is nice, but there is no comparison. There is no street in Beverly Hills or Los Angeles that I know of that is equal to Euclid Avenue in beauty.

We regret the decision was made to landscape Euclid Avenue in a style similar to many other Southern California communities. It detracts from the uniqueness of our beautiful avenue.

It has been said by the council members and Mr. Alder that this decision had been well publicised. However, to my knowledge there had never been any indication that any planting other than that at Euclid and Foothill Blvd. had been contemplated. No detailed plans or description of the planting currently underway were presented to the public prior to the formal adoption on Dec. 18th. One wonders if the timing of the presentation of this matter to the Council might have been deliberate or only coincidental to the busy holiday season.

If it cannot be replanted with pepper trees why not continue with the same as has been started in Ontario? Why the expanse of fancy planting?

Since a child I have known that Euclid Ave. was one of the most beautiful avenues in the world. What more could you want? If you want something to replace the peppers that would be spectacularly beautiful and become notorious alternate Magnolias and Jacarandas.

We're on record as to Euclid Ave. planting. Please let's keep it as beautiful, simple and rural as it has always been. The Hollywood touch of palms and lighting is a crying shame. If peppers are not possible to maintain, any other lovely, simple planting would be beautiful - Magnolias for example. Many thanks for giving us the opportunity to protest.

Mr. and Mrs. Daryl Shewell

I don't know if our vote counts or not as we live in Alta Loma and not Upland, but we want to add our two cents worth just the same.

Euclid Ave. is a beautiful, historical landmark. It is to Upland and Ontario what the Statue of Liberty is to New York, what the Golden Gate Bridge is to San Francisco, what the Alamo is to Texas. To change the beautiful and serene pattern of Euclid Ave. would be equivalent to defacing any of those other famous landmarks.

Everyone who loves Euclid and everything it represents should stand up and be counted in a firm stand against the ruination of our famous landmark.

We may not live in Upland, but we do pass through there and down Euclid Ave. everyday on the way to work and home again. We feel we are losing as much as everyone else by the drastic change that is being allowed to take place. We sincerely hope that the influence of the majority will win out over the power of the minority.

Thanks for letting us have our say.

City money should first be used to paint and improve the recreation building in Upland Park. Summer recreation program personnel suggested need of a covered paved area so summer program could be better. Chamber of Commerce or Upland City Council should court developers for skating rink, soft-drink bottling plant, assembly plants, regional office locations of certain services and foundations, day nursery, electronics lab or assembly plant, business college including IBM courses, private schools.

Development of Olvera Street kind of shopping plaza in Upland would fit the area, make use of the native Mexican population in a constructive way, bring sightseers and shoppers and form nucleus for theatre or community-use building.

The city should develop toward the Post office instead of along Euclid. A large mail-order house would provide employment for young men and women in the area, if it would be economically possible to operate one in this vicinity. This would change the rating of the local post office, and increase employment opportunities in many fields.

The silk oaks along Euclid are seldom mentioned. These are the trees which must be guarded. They are fast-growers but many must be reaching maturity. No better tree could have been chosen for the semi-arid region of Upland.

Upland should look to the employment and spare time of its youth, and the rest will follow.

Being new to the area from L.A. where landscaping looks "here today — gone tomorrow", palm trees and foliage plants; we were drawn to the beauty of Euclid pepper trees. It made us feel as if we were in an area proud of its natural beauty and enhancing the surrounding mts. The Upland News

Dedicated To Building A Bigger And Better Community In Which To Work, Live And Relax

Thursday, Jan. 31, 1963

257 E. 9th St., Upland, Calif. — YUkon 2-1385

AN EDITORIAL

The Majority Rules . . . Usually

Sooner or later, the City Council is going to make a decision on whether to revamp the Euclid Ave. parkway landscaping completely, or to retain the cool-appearing, simple beauty of lawn and trees.

At the present time, stall tactics are being utilized apparently in the hopes that opposition to the proposed plans for palms, reflection pools, and jasmine, etc. will do a fade-out.

The Council supposedly is waiting for a report from the Parks and Recreation Committee on how to proceed with the parkway.

This committee broke even on its last two recommendations.

As recommended, the Council agreed to plant pepper trees immediately in the vacant spaces north of Foothill.

City fathers did not agree, however, to stop all further work pending more study by the committee.

It was made clear that the reflecting pool and modernistic plantings surrounding the Madonna at Euclid and Foothill had previously been approved and would be carried out.

Surrounding this landmark with so-called up-to-date landscaping would be like painting Whistler's Mother in a bikini, or expecting Chief Pontiac to appear in a tuxedo. They just don't go together.

* * *

Naturally, citizens of Upland expect to have government officials abide by the wishes of the majority.

The recently conducted "Straw Poll" on Euclid Ave., the petitions signed by voters, and the formation of the Better Upland Citizens Committee points up the fact that the majority prefer the Euclid Parkway to remain as is . . . rows of trees.

Complete results of the "Straw Poll" conducted by this newspaper will be found in this issue. Briefly, it revealed that the people of Upland voted against the 9th to C Street planting by 5 to 1 . . . that they prefer the present style of lawn and tree landscaping by 8 to 1 . . . that they want the 9th to C conglomeration removed by 3 to 1 . . . and that they do not like the proposed Euclid-Foothill idea by 2 to 1.

* * *

Mayor Abner Haldeman, who voted in favor of the new landscaping, issued a statement to the NEWS when he was seeking re-election in March of 1962. The Mayor said:

"I would like to mention just a bit of my philosophy in what I choose to call real representation. Upland is a city of people who are proud that they live in Upland. You, as the citizens of Upland . . . are interested in government. This is evidenced by various groups who make their wants and wishes known to the Councilmen . . . . . I have tried to ferret out and determine what is good for those already here and what is good for those coming after us . . . . I always try to remember that I am representing all the people in Upland."

When the Mayor was re-elected he told the NEWS:

"It's certainly gratifying that the public expressed confidence in me for the next term of office. I will certainly try to follow a humanitarian pattern of listening and gathering facts for the good of everyone in the city prior to taking any action."

* * *

And, finally, after the Euclid storm of protest broke into a major controversy, THE NEWS quoted the Mayor on Jan. 8 as saying: "We should continue this landscaping program only if the people so desire."

* * *

Mayor Pro Tem William Kistinger, who also voted in favor of the new landscaping and the pool at the Madonna, told the NEWS prior to his election in April, 1960:

"Interest in one's community is the only reason one would run for a council position. That interest I have and my only obligation is to the community as a whole if elected."

* * *

These public servants, we are sure, have the best interests of Upland and its citizens at heart. We believe they will see that the majority want the Euclid Ave. parkway kept in the pattern of past years and that an illuminated reflecting pool does not fit at the Madonna site, nor palm trees vieing with utility poles in the parkway.

We believe that Mayor Haldeman and Councilmen Kistinger and Bob Marriott will decide next Tuesday in favor of the majority of their constituents and join with Councilmen James Christensen and Max Hawkins in voting to retain the present design of the parkway, as a result of the survey of public opinion.

The Parks and Recreation Commit-tee, headed by Councilman Hawkins, probably will be in no rush to make recommendations to the Council, but we believe it will find a substitute tree for the pepper and recommend it as a replacement, keeping year-around green, the cool-appearing tradition that Upland alone enjoys.

Citizens now have been heard . . . . now it's up to our city government representatives to act accordingly.

"Our New Euclid - Ain't It Pretty?"

Richard Caldera

Enjoying My Life...

By Mel Hodell

It appears to me that a crossroads and turning point will take place at the next Council meeting on Tuesday over the Euclid landscaping program.

The overwhelming rejection of the new program sure is evident in the figures, and in the "citizens' quotations" in this issue.

So now it is a "crossroads" opportunity for the Council to take heed of **public opinion** and vote for retaining Euclid in historic fashion.

If there is any face-saving to be accomplished, this next meeting certainly is the time to take advantage of the opportunity presented.

* * *

And just to show that all of us are a little human, and can learn from public opinion, I'd like to tell a little story.

As the editor of a local newspaper in New York State, I ran into a similar situation involving the most beautiful street in town, with tall trees 150 years old, in beautiful rows.

But a BIG new IBM plant had just come into our town . . . and in a provincial community, PROGRESS was blossoming all over.

So was traffic. The traffic was down the beautiful street. And the street had to be widened, so the trees had to come down.

The Mayor and I were in agreement why we felt the trees had to come down. And so read the editorials!

Never in history had anything so stirred the people as the idea of ripping out the magnificent trees.

To make a long story short — the Governor of the State of New York came to this small town of under 10,000 people and promised that neither he nor his State Highway Department ever would take down one of the trees!

And they remain to this day.

* * *

So when I arrived in Upland, one of the easiest editorial planks established was:

Euclid Avenue would remain in its outstanding form as long as I had a ribbon in the typewriter; that I would protect it, cherish it, defend it, and fight for it as long as I was editor and publisher of the local newspaper.

You see, I had learned my lesson about trees and progress and people.

* * *

So now that the Council for the first time has a good view of what the PEOPLE think and want, they have the choicest of opportunities to vote without "losing face."

If this opportunity is lost, there may be others, but certainly nothing will be as clear-cut regarding the people's "vote" except a recall or the next election a little more than a year from now.

* * *

The only other "straw poll" I have conducted in the last four years was on the issue of fluoridation. The balloting then went 2 to 1 against the idea — and the Council heeded public opinion and dropped the whole thing like a hot potatoe.

I suspect public opinion will lead the way on the matter of Euclid Avenue.

Family Counselor Joins Chaffey College Staff

Chaffey Evening College faculty can boast of one of America's leading authorities on Family Counseling in the person of Mr. Robert Knowles, Executive Director of the West End Family Counseling Service.

At present he is teaching classes in Marriage and the Family, recommended for all young people.

Mr. Knowles began his social work career in 1952 as a Caseworker with the Family Counseling Service in Portland, Ore.

He joined the staff at Patton State Hospital in February, 1955, as a Psychiatric Social Worker. While at Patton, Mr. Knowles was in charge of the Outpatient Clinic, supervised other social workers, and participated in individual and group psychotherapy.

For a year-and-a-half at Patton he developed a research project which received a grant from the State Department of Mental Hygiene. For his work at the clinic and in research he received an award for outstanding achievement in 1959.

For two-and-one-half years during this period he worked as a part-time Caseworker at the Riverside Family Service. On April 1, 1959 Mr. Knowles became Executive Director of Family Service in Sioux Falls, S. Dak., and remained there until his appointment to his present position on Oct. 10, 1960, as Executive Director of the West End Family Counseling Service.

Mr. Knowles received his Bachelor of Arts degree from Pepperdine College in 1943. He served in the Navy for three years, and taught high school for three years in South America.

He did graduate work at the University of Southern California and in 1952 received an M.S. degree in Social Work from Columbia University.

He is married and has three children.

Dental X-Ray Class At Chaffey

Chaffey Evening College is one of the few colleges who offer classes in advanced dental radiography in the Southern California area.

Previous experience with X-ray is required for enrollment, however the course provides an excellent opportunity for dental technicians and others dealing with X-ray photography to advance their techniques either for upgrading or more proficiency.

The course is taught by Mrs. Betty Jean Birdsall in the fully equipped and modern laboratories in the Life Science Division on the Chaffey Campus.

Enrollment is now open, and the Spring Semester will be conducted on Thursday evenings from 7-10 p.m. The course offers two units of college credit.

While at the Seattle World's Fair this summer we struck up a conversation with another couple from North California. We told them we were from Upland and they remarked, "Oh yes, that town with the beautiful parkway with rows of willowy tres for miles up to the mountains." It's a landmark - let's not change it. Keep it in it's original beauty - one continuous simple design from beginning to end.

As an "old timer", I love the pepper trees on Euclid Ave. and have for 50 years watched them grow and, it is true, seen some of them deteriorate or be broken by the wind. But would any other species of tree done any better? Part of that may have been due to too much cutting back. Mrs. Arthur Weber tells me the tree likes its trunk shaded and if the graceful trailing branches had not ben trimmed, nor the trees below Foothill not so heavily irrigated, they would have survived better.

If the City of Upland has the money to spend to beautify the parkway between 9th and C, it would be more necessary to trim the rotting pepper trees in many Upland streets that endanger the life of Uplanders on windy days.

SB Taxable Transactions Jump 13.3%

Transactions subject to California's 3 percent retail sales and use tax totaled $6,431,743,000 during July, August, and September of 1962.

While making this announcement Richard Nevins, Southern California Member of the State Board of Equalization, noted that these sales were 6 percent above those of the comparable quarter of 1961 and marked an all-time third quarter high.

Gains in taxable transactions were recorded in 49 of the State's 58 counties. These ranged from a fraction of a percent in San Francisco to nearly 18 percent in Orange County.

In the Fourth Equalization District, comprising the eight southernmost counties, taxable transactions totaled $3,644,277,000, or 7 percent more than a year ago, according to Nevins. All eight counties registered increases in business ranging from 2.5 percent in San Diego to nearly 18 percent in Orange.

Taxable sales of auto dealers, expanding faster than those of any other business group in these two counties, were up 10 percent in San Diego and nearly 30 percent in Orange.

Taxable transactions in four other counties in the district—Riverside, San Bernardino, Santa Barbara, and Ventura—surpassed the average increase of 7 percent.

Taxable transactions in San Bernardino County amounted to $160,753,000 an increase of 13.3 percent from the level of sales in the third quarter of 1961.

New Entries In 4-H Fair

Everything piles up handsomely in a Chevy II including savings

Imagine a low-loading wagon roomy enough to handle most anything you can heft—and still trim enough to slip into cramped parking spots. We imagined it, built it and called it Chevy II. They grow with brakes that adjust themselves. An exhaust system that lasts longer. And a Delcotron generator that keeps battery reserve power up. Want to hear more? AREA LEADERS for the approaching Heart Fund Campaign are Mrs. R. Fred Price, seated, who will again head the Upland campaign and Mrs. Claude O. Minter who will direct the campaign in Cucamonga. This is the fifth consecutive year that both ladies have headed the local campaigns.

Mrs. Price, Mrs. Minter To Head Heart Campaigns

Two women dedicated to fighting heart disease will again be at the helm of the area's 1963 Heart Fund Campaign.

Mrs. R. Fred Price will head the Upland drive and Mrs. Claude O. Minter has volunteered to lead the campaign in Cucamonga.

This will be the fifth consecutive year that both ladies will direct the campaign in their communities.

William E. Cozzo, 1963 county Heart Fund leader, said it is a tribute to both Mrs. Price and Upland's citizens that the community has not only topped its goal each year, but has been among the first in the county to do so.

"When I think of the countless thousands who are alive today because of advances made in recent years by the Heart Association, I deem it an honor to be a part of the organization gathering funds which makes this possible," said Mrs. Price who is widely known for her many club, civic and philanthropic endeavors.

Mrs. Minter, also a prominent civic leader in her community, stated: "I feel this annual Heart Fund campaign is one of the most important with which I have ever been associated. Every dollar brings us closer toward our goal of conquering this malady, and I feel certain Cucamonga's residents will respond as generously this year as they have in the past."

Both ladies are now mapping out plans and securing area chairmen to assist in the month-long drive which gets underway Feb. 1. Climax of the campaign is Heart Sunday, Feb. 17.

Deadline Is February 4

Tom Bright, director of the State Department of Motor Vehicles, issued a reminder to motorists that Monday, Feb. 4 is the deadline for renewing their vehicle registration without penalty.

He also asked motorists to get new plates as soon as possible to avoid long lines that annually jam DM offices during the last days of the renewal period.

"After midnight February 4, the department is required to charge a 10 per cent penalty on late renewals," Bright said, adding that a 100 per cent penalty will be charged on the weight fee portion of each late commercial registration.

DMV offices will close at 5 p.m. on the last renewal day, but Bright said that mail renewals postmarked before midnight February 4 will be accepted without penalty.

He urged motorists to follow instructions on the backs of the punched card renewal statements that were mailed to owners of California's nine million vehicles. This is particularly important for mail instructions, he said.

DMV advises vehicle owners who have not received renewal statement cards to bring 1962 registration stubs to any DMV office.

The department's offices will be open until noon on Saturday, Feb. 2, in addition to normal weekday hours.
